

VR-PNI-066

MAY 2025 PRODUCT NOTIFICATION

PART NUMBER INFORMATION

DATE: May 31, 2025

TO: All Dana Aftermarket Group Victor Reinz® Sealing Product Customers

Dana's Victor Reinz Aftermarket Group would like to announce the latest updates to our gasket product offering for May 2025.

Please see the document included with this bulletin containing changes showing new kit numbers for automotive and commercial vehicle, supersessions, as well as recently obsoleted kits.

Updating your files as soon as possible helps us to speed your order through the system and eliminates the need to spend valuable time placing additional orders. **If you would like this content in your companies load sheet format, please ask your Dana Sales Rep to assist you in the transfer of this information into your usable download files.**

Thank you! We appreciate the opportunity to earn your business every day!
